Paris Déco Off

Bienvenue!

After a fabulous inaugural event in January 2019, we are thrilled to bring you the 2020 ASID NY Metro Paris Experience!

This experience is a unique opportunity to connect with a delegation of high-profile interior designers and view first hand many important long-lasting trends that influence our local design businesses in the NY Metro area. During this impactful design week, you will be among the first to spot the newest styles that drive and shape design across the world.

Attending this experience with prominent U.S. designers is a valuable networking opportunity and a fantastic way to see what's new and what's next before it arrives on our shores. Attendees will arrive home to their practices with a competitive edge in the marketplace and fresh ideas to provide to existing clients and any new ones that may arise from connections during this trip.

Please take some time to review the fabulous itinerary our committee has put together, and please do not hesitate to contact the ASID NY Metro Office at (212) 641-0018 or at administrator@nymetro.asid.org with any questions.

We look forward to seeing you in Paris!

Warm Regards,
